

98% VOTE YES

By a tally of **37,089 YES** to **867 No**
we voted to protect our families & patients

For two weeks, we turned out in massive numbers statewide and voted **YES** to support a strike.

We did this in spite of Kaiser's illegal efforts to shut us down, silence our voices, and suppress our votes.

Why? Because we know that going on strike is very likely the only way we'll stop Kaiser's unfair labor practices and win a contract that protects our jobs, wages, and benefits.

By an overwhelming majority, we have now authorized our bargaining team to call a strike at Kaiser.

With this vote, we've shown Kaiser that our patients and our families are more important — and more powerful — than huge corporate profits and bloated executive salaries. We've shown Kaiser that we are 100% committed to stopping their bad faith bargaining and protecting our futures.
