

**We'll strike if we
HAVE TO!**

Local 2 Kaiser Members:

Thursday was the last day of Kaiser National Bargaining and we do not have an agreement on the most important piece of bargaining: economics!

The climate in negotiations isn't progressing as we'd like. Pushed up against the wall, the 85,000+ coalition members are prepared to strike!

We will forward more information as soon as it becomes available.

**In Solidarity,
The Local 2 National Bargaining Committee**
