

### Kaiser Capitol Hill Members Turn Out to Get The Facts!

#### *We Won't Sell out the Future!*

Over 150 members at Kaiser Capitol Hill turned out at lunch to 'Get the Facts' from Stewards about National Bargaining. Members are clear that Kaiser proposal to pay newly hired employees less than us is unfair and sells out the future. Members both young and senior agree that the most secure retirement is a pension, and putting younger people into a 403b hurts all of us. We *all* need a secure retirement.

#### *SEIU UHW Solidarity at Meet and Greet*

A contingent of our brother and sister Kaiser Unions from California and Oregon flew out to join us at the Capitol Hill meet and greet. We shared stories of unfair labor practices, short staffing, and management attempts to divide us from each other. But we will not be divided; We stand together for quality care .

#### *Kaiser Unfair!*

Members got the facts about Kaiser's unfair bargaining at the National and Local level. Local 2 has filed charges of unfair bargaining over several issues. Come out to Get The Facts at your facility. Ask your Steward when they will be at your location.

#### *Labor Day Action*

We need to stand strong and show Kaiser we will not sell out the future, will not accept less than we are worth, and will not accept unfair bargaining! Now is the time to act and show our strength. We will be standing strong in DC on labor day. Details will be available from your stewards soon.

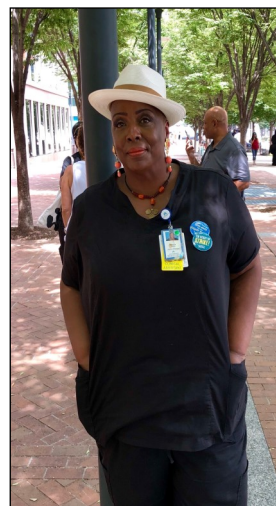

**Fair is fair. People should not work as hard as we do but earn less! It's not gonna work to pay people less. Everything just keeps going up! DC is expensive! Virginia and Maryland, too!**

*Kim Brown, Local 2 member*

**"We are not being recognized as the people who hold it down! Without us, Kaiser would not be the success it is today!"**

*—Rita Davis, Local 2*

**"My biggest concern is the next generation. What will happen to them? You have to stand up for your rights. If Dr. King hadn't stood up, where would we be? You have to stand strong; you can't be bullied."**

*—Wanda Jones, Local 2*

**You can't be afford to be scared! You have too much to lose!**

*—Thomasina Prioleau, Local 2 member*
