

# KAISER SAYS YOU'RE OVERPAID

In an official company statement on July 30, Kaiser Permanente VP Arlene Peasnall said a worker raising a family on \$44,000 a year in Los Angeles is overpaid.

VP Arlene Peasnall makes over **\$1.1 MILLION** a year.

That's **\$44,000** every pay period.  
But she says YOU are overpaid.

The CEO of Kaiser makes over **\$16 MILLION** a year.

That's **\$44,000** every day.  
But he thinks YOU are overpaid.

Going on strike may be the only way to stop Kaiser from bargaining in bad faith and to win a contract that protects our families and patients.
