## BARGAINING ALERT!

"We are supposed to be one KP. It's time to stand up, and make our voices heard and fight for a fair contract"

---Audrey J. King, Jr. Partnership Representative, OPEIU, Local 2, Executive Board Member

## Get the Facts!

**We are fighting for a contract that will:**

- ✓ **Retain the best health care workers in the Mid-Atlantic.**
- ✓ **Provide fair wage increases and retirement benefits for all - now and in the future.**
- ✓ **Equity across the regions.**

Now Kaiser is trying to divide and distract us from our goals with threats.

We will continue to be United for a fair contract.

Remember: Always talk to your Steward to get the facts about the Union and bargaining.

## KAISER SAYS TAKE BACK WE SAY FIGHT BACK

The best way to avoid a strike is to fight back now and let Kaiser know we are united in our resolve to get a fair contract!
